THE TIAF-TIMES

Dear All,

A warm greetings from TIAF-USA!

It's my honor and privilege to address everyone of you. With all confidence I can say that the International Awards Forum shortly called as TIAF-USA has emerged as one of the world's leading award distributing institutions where the deserving and successful people gets recognized and rewarded. The TIAF Awards are not just the awards but those are rewards with recognition which will motivate people to go forward even furthermore.

I am really glad to introduce the Quarterly Newsletter under the name "THE TIAF-TIMES" which will cover all the important Information and activities of TIAF-USA.

My dear friends and patrons, with all humility I can express that life gives everyone of us an equal opportunity and it depends on us how efficiently we utilize these opportunities and be successful. I always follow the golden words of the great inventor Thomas Alva Edison which says *"Many of Life's failures are people who did not realize how close they were to success when they gave up."*

Hence nobody is 100% successful until they reach their destinations. So, step up and strive forward as it is the only way to success.

With best regards,

Director
Dr. K. K. Sharma
